Conference and Business Meetings

The opening of the Orton Suite, consisting of four interconnecting rooms, has greatly enhanced the range of conference facilities that Best Western Orton Hall Hotel can offer the business community of Peterborough.

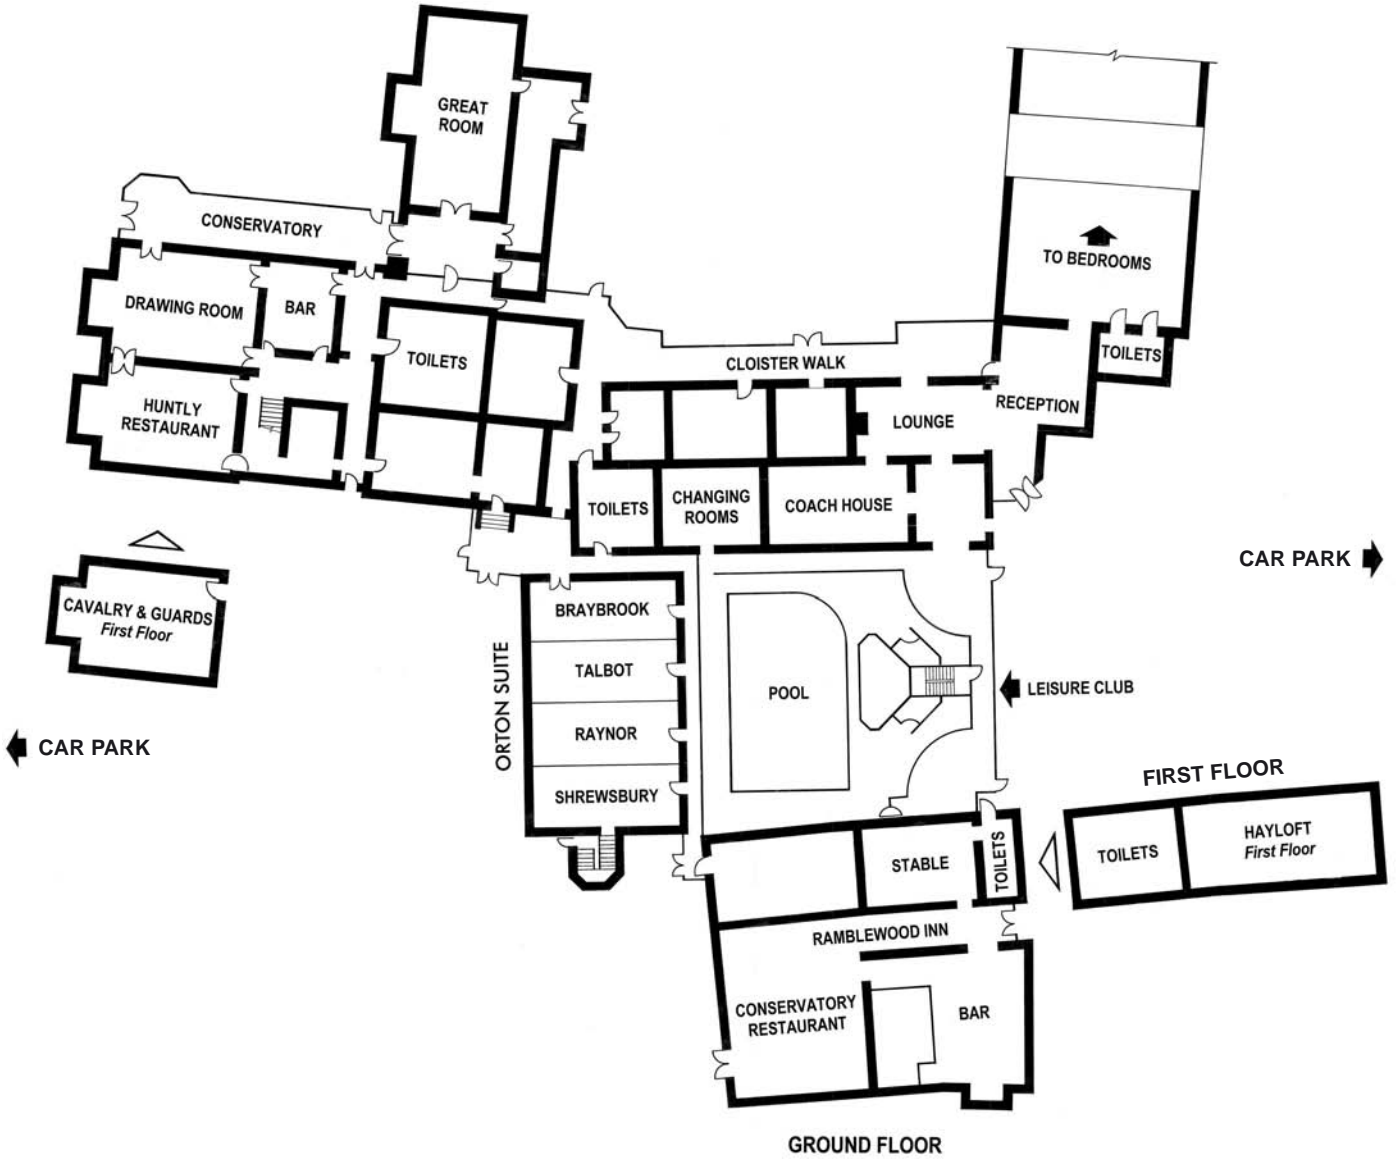

There are now ten conference/syndicate rooms in the main building with a total capacity for over 200 delegates. The rooms are designed to give maximum flexibility and comfort - five with climate control.

The hotel, set in 20 acres of parkland, provides clients with a tranquil setting for their event, whether it is a formal board meeting or training seminar.

Broadband connections are available in guest bedrooms and conference rooms with wi-fi in the reception lounge, Ramblewood Inn and, on request, in the conference rooms.

Please ask our Conference Department for our fully comprehensive Conference Folder.
